

Requesting access to Safety Net

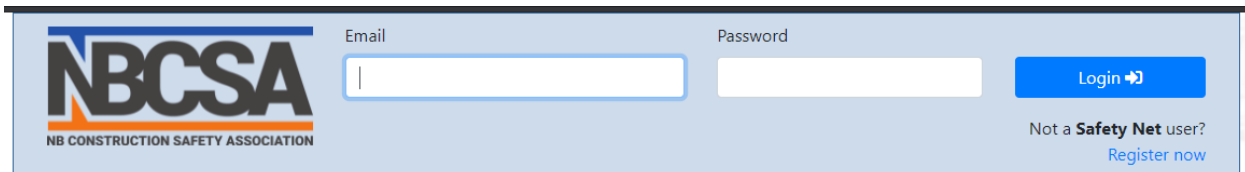

As long as they are a member or associate member

Step 1: Enter www.nbcsa.ca

Step 2: Select English

Step 3: On the top right-hand side click on the SafetyNet icon:

Step 4: The next screen that comes up when you click on it is:

Step 5: on the right-hand side it states: Not a **Safety Net** user? Register now:

** The email that you use make sure it is the email address that we have in our system as your corporate email address as you will receive an approval request.

When typing in your password, make sure it is a password that you will remember in time as we do not have access to that information.

Safety Net Registration

Safety Net is a system that allows real-time access to your training records. **Safety Net** is solely for the delivery of information contained in NBCSA's database. There is no fee for this service. To access **Safety Net** you must register an account. Please see the information below.

Fill out this form and an authorization request will be sent to the company. Once the company authorizes your account through the request, you will receive an email confirming your account and may begin to use **Safety Net**. Please note that you will need your company safety association ID to begin this process. If you are unsure of that ID, please contact your main office or NBCSA directly at (506) 627-1477.

Registration Details

Company ID

First Name

Last Name

Email

Password (6 characters or more)

Verify Password

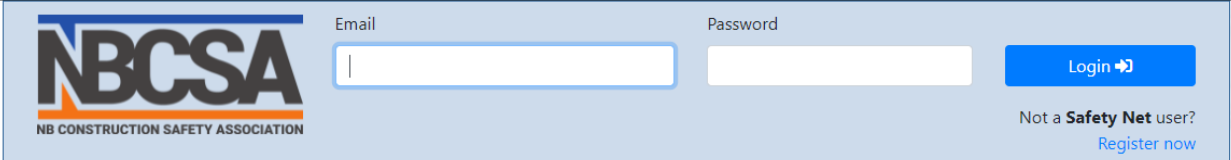

Mail Request 

Reset Form 

Step 6: An email will be sent to the email address that would be your “corporate” email address. **If the above noted “corporate” email address is no longer functional or is incorrect, please advise and we will make the change in our system before you try this process.** Your account cannot be activated until the person who receives this email allows the access by clicking on a URL that you will receive by email that asks – **“If you approve of this access, please click the following link:”**

Once this approval is given, you will have access into the system.

Step 7: Go back to www.nbcsa.ca and click on the SafetyNet icon, same screen will show up again but this time you are registered. Fill in your email and your password.

The screenshot shows the NBCSA login interface. On the left is the NBCSA logo. To its right are two input fields labeled 'Email' and 'Password'. A blue 'Login' button with a right-pointing arrow is positioned to the right of the password field. Below the password field, there is a link that says 'Not a Safety Net user? Register now'.

This will give you information regarding training that has been paid for by **<Said Company>** Follow the directions below to access training records that may have been provided by another company/union.

This will also give you information from any student who has taken training through NBCSA who has given their permission for their records to be viewed. On the top left hand corner there are a number of options – Click on Training Records and select Training Records for one student. Select the person from the list and double click on their name. This will bring you to their personal information and a tab that you can check on their training records.

If you should have any problems, please feel free to contact us
