

## PROFESSIONAL DEVELOPMENT DAY

On November 2nd we held our 11th annual Professional Development Day in Fredericton, New Brunswick. It was a great day of networking with other companies and great conversation started with the amazing speakers.

We want to say a huge thank you to all that attended, Professional Development Day has grown a great deal and we are grateful for everyone's continued interest in this event. Professional Development Day wouldn't be possible without our amazing sponsors, thank you for continuing to support us!

Lastly, thank you to our speakers, every single one of you made a great impact and created great conversations. We learned about the mental health side of the construction industry, managing silica exposure, anchors, and OHS vs Criminal Charges.

Thank you for being a part of our event, and we eagerly look forward to continued growth in the years to come.
